

FALL 2021

Campus Life students were welcomed back to the new school year with our annual kick-off event. We had forty five students who showed up for the event! We meet regularly throughout the school year for Club where our students have an opportunity to grow together through games, discussion groups and Biblical lessons. During a recent Club meeting we shared about sharpening one another.

We used this verse as our reference.

*"As iron sharpens iron,
so one man sharpens another."*

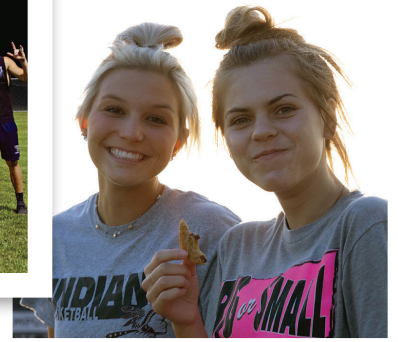

Proverbs 27:17

Students shared about ways their friends have helped make them better and how relationships grow and develop when they are being sharpened. Ultimately, we need Christ working in our own lives. As He sharpens us through His word and Holy Spirit we can better sharpen those around us.
